

## A high-contrast, black and white illustration, possibly a woodcut or a heavily processed photograph, depicting a scene in a rural or historical setting. In the foreground, a woman wearing a long, dark dress with a white collar and a large, dark hat is walking towards the right. She is holding a long, thin stick or staff. A small child, wearing a dark dress and a light-colored hat, is walking beside her, holding onto the woman's hand or the stick. The ground is uneven and appears to be a dirt path or field, with some dark, irregular shapes that could be shadows or patches of earth. In the background, several other figures are visible, including people on horseback and others standing. The overall style is stark and graphic, with deep blacks and bright whites, giving it a somber and historical feel.
